## Chapter 2 by Unkie

The girl called Mary Schultz loved the place she lived. The people in the town across the water called this place "Fantasy Island", because of the strange things that happen here. This island had not only lots of trees, but 3 nice white sand beaches, and mountains with a stream that has a 4 tier waterfall. The island is totally owned by my family. My father, Cliff was a real estate developer. He wanted to build condos with 2 golf & tennis clubs.

### Chapter 3 by happy87164

After many years I still wonder what happened. What was in the cave.. Why was he there??? It bugged me so much to the point i had to find out. i researched the cave. I packed and packed with recommendations from caving websites. Then, on the 4th of July i snuck outside . I left a letter to my mother telling her I had gone on an adventure. I trekked out to the cave. There was a glow emmiting from out of it. But it was very faint. I heard voices.. I knew i wasnt welcome when I heard them snuff as my shadow from my lantern fell in front of the cave. I paused. They continued talking. Then, suddenly, a blinding flash came after me. It struck me and stunned me. I could feel my bones shifting. But i couldnt move. Finally, I was able to move. But I was shorter and furrier. I looked down at myself. I was a wolf.
